

1/9/23

Greetings & Happy New Year!

In 2023, I will celebrate my 30th year in the Municipal Supply Industry. I am excited to announce that Mike Heaslip, our NY Sales Rep will begin working the Westchester sales territory alongside me this year, and I anticipate that he will take over the territory in the next year or two.

As our company has added Sales Reps in NJ, LI and NY, I have been required to spend more time and efforts in the main office. Managing our Sales Reps, Customers, Orders and running our Sign Shop have become more important to the growth of our company, and I will focus more attention on each aspect.

There will be no major changes, you can always reach me on my cell or by email ANYTIME if you need something. I will stay active in both the WCAMPWA and WPCATSOH organizations.

I am excited for you to meet Mike and get to know him, he is a great guy with 6 years of Glenco sales experience in Putnam, Orange, Ulster, Dutchess, Rockland and Sullivan Counties.

Please feel free to contact Mike Heaslip- Mike@Glencosupply.com 845-490-4203.

Warm Regards,

Glen Abrams
President
